LETTER OF APPRECIATION

M/s. Ashu Aluminium is engaged in serving it's client's with best services from past 25+ years and we are specialized in customized designs and product for need of customer in aluminium fabrication, glass partition/fixing and other allied work.

We had a client for whom we had supplied material a year back and he had promised us to make the payment as soon the work was completed and as he promised he had provided us a cheque, which we had deposited in bank, for our utter shock it was bounced and we did follow up with the client several time for payment but in vain we could not get the payment.

While discussing with Mr.Ranganath Mysore about this issue he asked for his contact number and suggested he will make a call to the client asking for payment, after Rangnanth Mysore spoke to the client It was astonishing to see our account was credited with pending payment in morning 6.30 am, we would say Mr.Ranganth Mysore is not only an Advocate he is a **Magician** in Legal World.

His Knowledge and way of handling clients in critical situation is remarkable. We do not have any hesitation in recommending Mr.Ranganath Mysore to family, friends and other business associates for any legal help.

Wishing him all the success in future endeavour.

Yours Sincerely

Manikam Yadav
Proprietor
