TESTIMONIAL

We Avid architects, provide end to end creative architectural design solution for single residences, apartments, commercial buildings, educational institutes & industrial buildings.

We referred **Mr. Ranganath Mysore of ROOTS CYBER LAW** to few of my friends for their different requirements.

Mr. Ranganath was not only prompt in attending the clients but he also made sure that the work was completed in a jiffy. All my friends whom I have referred him so far speak very high of him.

Mr Ranganath has certainly established his credibility with us and we have no hesitation in referring his services to anyone.

We wish them all the best for their future endeavours.
