

# *I Do!*

*Weddings & Occasions*

I Do! Weddings & Occasions is a wedding planning company based out of Bangalore. We provide end to end solutions for weddings and other personal events.

Recently there was our company case where we wanted to involve someone only trustworthy. After getting a good feedback from other BNI members I went ahead and consulted Mr Ranganath. He solved our case on the same day considering he already had a very busy schedule. Thank you so much for the same. One thing for sure he has good contacts and is quite resourceful.

All the documentation work with regards to contracts of my company I will be giving it to him without any second thoughts. I have no hesitation in recommending Mr Ranganath to all my clients.

We wish him all the best for all the future endeavours.

Best Regards

Rashida Abuwalla
