APPRECIATION FOR CORPORATE LAWS COMPLIANCE
ROOTS CYBER LAW FIRM

Dear Sir,

Indglobal Digital Pvt Ltd is most awarded and renowned Digital transformation company in Bangalore serving global brands since last 10 years.

To be a great company one needs to have all its processes and compliances perfectly done as per the industry requirement. Indglobal wanted to have an experienced professional corporate laws expert for its inhouse policies and compliances and was not happy with previous consultants. Finally when we hired Roots Cyber Law Firm owned by Mr Ranganath Mysore , it was so simple for them and within first month of their services all our company policies, HR policies, Contracts and other day to day legal processes was perfectly set all right.

We at Indglobal Digital are very happy for their outstanding professional services and definitely recommend them to our friends and clients for their legal and corporate laws requirements. We wish them all the very best.

Sincerely yours

Rakesh Dadhich
