TESTIMONIAL

Sainik Packers and Movers is a logistic company, which provides world class services to its clients for managing to move goods from one place to other all over India from past 20 years.

Recently there were couple of legal issues we had, when we had these urgent issues which we did not expect the immediate goto person was Mr. Ranganath Mysore, he guided us on what to do legally, he also helped us by speaking to Law Enforcement personnel, moreover he is available 24/7 for any support and his online guidance and services are excellent.

We will be authorizing him for all our company matters going forward, I have no hesitation recommending Mr. Ranganath Mysore to all our clients and Friends.

We Thank Mr. Ranganath Mysore for all the support he has provided and we wish him all the best in his future endeavours.

Best Regards

Manoj Rathore
